Rochester Numismatic Association
265th Meeting at the Osburn House, Jan. 6th, 1924, 3 P. M.

President Borradaile in the chair, Members present:
Plumb, Putnam, ~~Bauer~~, Woodbury, Wormser, Dr. French, Gillette,
Borradaile, King, Merritt, Stanley, Warner, Prior, Kolb,
Sunday, Gilman, Droudt, Lange, Amberg.

Yearly meeting, installation of officers and dinner.

President Borradaile opened the meeting in a few well
chosen words, introduced and installed the new officers of the
association;

President William Sunday
V. Pres & Treas. J. W. Horner
Sect. Paul . Lange
and then turned the meeting over to them.

President Sunday in his maiden speech asked for the support
of the members and begged them to always talk coin, but not to
mention the high prices which have discouraged many a budding
collector, then recited a poem which he declared he had dashed
off while riding in the trolley to the meeting.

Series of coinage you'll find there are many
From pieces of ~~gold~~ to a mere copper penny
To find them in places, where hidden so snug
Is a joy only known to the ~~nick~~ eager coin bug.

As we gather to ~~ether~~ each year for a feast
To eat and make merry and strive for, at least,
~~To create a new int~~
To create a new interest, to accom lish still more
Add to the record of those gone before.

With smiling faces and hearts so gay
Lets start the new year upon its way
Each be a booster, what do you say?
For a bigger and better R. N. A.

Minutes of the last ^{meeting} minute were read and approved.
The treasurer made his annual report which showed a gain over the
preceding year and it was moved by Mr. Woodbury and seconded by
Mr. Amberg that the report be placed on file, approved by vote
of the members, ~~and a~~

Under head of applications for ~~xx~~ membership, Mr. Merritt
proposed and Mr. Amberg seconded Mr. George A. Blake of 12
Highland Ave., Jersey City, as member. Mr. Gillette moved,
seconded by Mr. Putnam to dispense with the usual procedure and Mr.
King, seconded by Mr. Putnam moved that Mr. Merritt cast one vote
for the election of Mr. Blake as member. Both motions being carried,
Mr. Merritt cast one vote and Mr. Blake was duly elected a member
of our association

The president then asked for report of special committees. Mr. Bauer, chairman of the Coin committee, said that he had no report to make, that we received a small amount of coins to be added to our collection during the preceding year, and in a well set speech asked for donations to our collection.

This speech must have touched the hearts of the members present; It brought an avalanche of donations:

Mr. King started the ball rolling with the announcement that he would donate his Swedish Plate money and the Jewish Shekel, now on exhibit and promised 20 to 40 Scottish coins.

Mr. Woodbury presented \$10 to be used for acquiring coins and Mr. Wormser begged to be permitted to join Mr. Woodbury with a \$10 donation. Then Mr. Herritt donated all coins belonging to him now on exhibit, Dr. French disclaimed ownership in his Papal Metals on exhibition. Mr. Prior gave 2 Roman and 2 medieval coins and Mr. Lange 3 Woodman tokens and finally Mr. Bauer capped the climax with the announcement that he donated his case full of Washington Medals now in the Coin Room.

The president, almost moved to tears by this display of kindness, thanked the members for their generosity - and asked them to get some new members too.

Messrs Putnam, Gillette and Bauer discussed loan exhibits and the work attached thereto and several members agreed to assist in this work.

Mr. Gillette asked then that we do more missionary work in the schools, where all kinds of collections have been started, so that we can raise a new crop of collectors to take up the banner after us.

The president promised to work along these lines and then welcomed our out-of-town members, Mr. Wormser, the president of the A.N.A and our ex-president, Mr. Herritt and called on them for a few words.

Mr. Wormser, who is always up to the occasion, as seen in Montreal, where he held his noted speech in French, which must have been good, judging from the applause which he received from the Canadian members, then told us that he had long cherished the idea of being present at one of our meetings and was glad to be with us today. He then spoke to us about Coin Week, started by the inquiries from members and branches and the enthusiasm shown for this work. He then mentioned the exhibition at New Rochelle by the New York club and suggested that we take this up as well as lectures on coins and suitable places.

His remarks were favorable received by the members.

and told us how surprised he was at the answers to his

Mr. Merritt then spoke of the pleasure of being with us again but thought it better to have the ladies with us at our yearly meetings as in years gone by. He then showed a medal struck in commemoration of J. Sanford Saltus and told about the achievements of Mr. Saltus as Numismatist and Artist, and presented the medal to the R.N.A.

The president then thanked the speakers for their kind words and called on the ex-president King for a few words, limiting him, however, to a very few, as the dinner was waiting.

Mr. King spoke of some of our older members and regretted that they could not be with us, and mentioned Mr. H. H. Yawger as being very much missed.

The president then appointed a committee to work out our plans for Coin Week. Members appointed, Dr. French and Mr. Lange.

Under the head of new business:

Mr. Amberg proposed, seconded by Mr. Putnam, a rising vote of thanks to the members for their donations and the members responded gladly to this.

Mr. Barradaile, being called on, reported that the new presidential medal is well under way and will appear shortly.

The treasurer presented a bill for printing to the amount of \$3.75 which was ordered paid.

A motion to adjourn made by Mr. Woodbury, seconded by Mr. Putnam, was entertained and all agreed with alacerty and removed to the dining room where one of the fine dinners for which the Osburn House is noted, awaited us, which we thoroughly enjoyed and then discussed coins, interspered with stories by Dr. French, until quite late.

Resolutions on the Death of A. E. Loizeau,

After a long and lingering sickness of two and one-half years duration our esteemed brother Albert E. Loizeau passed to his rest on December 2nd. 1924.

Brother Loizeau was born in Paris, France and came to Rochester in 1865. When a young lad he was employed by John Fahy and Company on State Street. He afterwards worked for a clothing manufacturer in Rochester who removed to New York City and young Loizeau went with ~~him~~.

Afterwards he was employed with the Miners & Smelters Supply Co. in Denver Colorado and El Paso Texas. He returned to Rochester and in February 1913 became connected with the Clark Paint, Oil & Glass Company. He was the faithful and trusted Secretary of that Company until he was stricken with his last and fatal illness in 1923.

He was a member of Our Lady of Victory Church, also of the Rochester Club.

WE can all testify that he was a very agreeable companion and friend, and a faithful member of our Society. We shall greatly miss his genial presence at our meetings and social functions. We shall long remember the efficient service which he rendered as Committee ^{on arrangements} for our Annual Banquet at ^{the} ~~Hotel~~ ^{Club} Rochester, in January, 1922, which was one of the best that our Society ever enjoyed.

EDWARD D. PUTNAM.

Edward D. Putnam, Librarian and Curator of the American Numismatic Association, as well as Librarian of the Municipal Museum of Rochester, N. Y., died on Saturday, September 20, at a private hospital at Oneonta, where he had been confined following an operation the preceding Sunday. He was 64 years old.

Mr. Putnam, accompanied by his wife, Mrs. Mary V. Putnam, had been in Albany over the week-end to view an exhibit of Indian curios which Mr. Putnam hoped to add to his collection at the museum. They were returning by automobile when Mr. Putnam was stricken. He was rushed to the hospital and an operation was performed immediately. Pneumonia, which developed during the week, is believed to have caused his death. Mr. Putnam, during his 12 years at the museum, gained wide recognition as an archaeologist, geologist and ethnologist, and is given credit for the development of the Municipal Museum from its inception to its present high standing in the country. He was installed as curator of the Municipal Museum when it was opened with a collection given by the Rochester Historical Society 12 years ago. Since that time, principally, through the efforts of Mr. Putnam, the museum has added yearly many articles to its collection until at present it is given a high rating by the National Museum.

Mr. Putnam was elected Librarian and Curator of the American Numismatic Association at the Boston Convention in 1921. He was reelected at the New York and Montreal conventions, as well as at the recent meeting in Cleveland. Being a practical Librarian, he had arranged the library of the A. N. A. so as to make it available for use by the members and had endeavored to build it up in various ways. When the A. N. A. established an exhibit of numismatic specimens, two years ago, Mr. Putnam was made Curator also. He was a member of the Rochester Numismatic Society and of the Rochester Philatelic Association. On account of his duties at the Municipal Museum Mr. Putnam was unable to attend the A. N. A. conventions and was not known personally to the membership at large, but his outstanding qualifications for the office he held insured his election each year.

Born in Albany, N. Y., Mr. Putnam received his early education in the Albany and Canajoharie schools. For many years he was a member of the Sons of the American Revolution and of the Knights Templar. He was a member of Brick Presbyterian Church. Besides his widow, Mr. Putnam is survived by an aunt, Mrs. L. C. Charles, of Rochester, and a cousin, A. J. Fox, of Erie, Pa.

MEMORIAL OF ROCHESTER NUMISMATIC ASSOCIATION ON THE DEATH OF EDWARD D. PUTNAM.

As a memorial to our esteemed fellow-member Edward D. Putnam, curator of the Municipal Museum, the Rochester Numismatic Association makes the following resolution:

In the sudden death of Brother Edward D. Putnam we realize that we, as well as the other associated bodies and societies who are interested in the Municipal Museum, have lost a very faithful and efficient curator.

Our deceased brother was keenly interested in numismatics. He was regular in his attendance at our meetings and was ever ready to render loyal service. For several years he acted as our secretary and performed his duties in that office unusually well.

When he first joined the Rochester Numismatic Association we had no permanent home or headquarters for our meetings or exhibits. It was mainly through his untiring efforts, with the ever-ready co-operation of Mayor Hiram H. Edgerton, that we secured the splendid, well-lighted and securely protected exhibition room, fully equipped with modern cabinets for the display of our coins and medals to the best advantage. He also secured for our use the pleasant room for our regular meetings, near our exhibits, which we now enjoy as a fitting home for our society.

So great was his interest in furthering the educational and historical features of the science of numismatics that he was always seeking coins, medals, military decorations and money and tokens of all kinds and from all countries to add to the unusually fine exhibits which the museum now possesses. He has made this department one of the outstanding features of the Municipal Museum for Rochester, and has gathered numismatic material of much greater variety and value than is enjoyed by any city of the same size in the United States.

He was always trying to create an interest in numismatics in our community, and to that end he often prepared carefully written articles and gave frequent interviews to reporters, which were cheerfully published by our local press.

He took great pains to arrange our collection so that it would be both interesting and instructive to visitors. He also carefully prepared labels and descriptive matter that would explain the countries, rulers and historical events thereby commemorated.

Our respect and love for our deceased brother was attested by the large attendance of our membership at his funeral.

We feel that the city has lost a very valuable public servant, our museum a very enthusiastic and diligent curator, whom it will be very difficult to replace; that his church has lost a fine, Christian gentleman, and that every officer and brother of our society has lost a loyal friend.

We wish to convey our heartfelt sympathy to his widow in her bereavement, with our best wishes for her future comfort and happiness.
